A basic outline of the liberal studies is included below. Students must consult the detailed version of the requirements (http://guide.wisc.edu/undergraduate/education/#requirementstext) for information about course selection and approved course options.

**Humanities, 9 credits**
All students must complete a minimum of 9 credits to include:
- Literature
- Fine Arts
- Humanities Electives

**Social Studies (Social Science)**
All students must complete a minimum of 9 credits. Teacher certification programs and Kinesiology have unique requirements in this category.

**Science**
All students must complete a minimum of 9 credits to include:
- Biological Science
- Physical Science
- Laboratory Science
- Science Electives

**Cultural and Historical Studies**
All students must complete three requirements (9 credits) met by separate courses. Any of these courses can also be used to meet the Humanities or Social Studies (Social Sciences) requirements if it has the relevant breadth designation.

- Ethnic Studies
- U.S./European History
- Global Perspectives

**Complete Liberal Studies Electives** (http://guide.wisc.edu/undergraduate/education/#requirementstext) to total 40 Credits.

**PROGRAM STRUCTURE**
The Kinesiology program has five components:

- **Liberal studies courses** expose students to a broad range of academic disciplines. The university-wide General Education requirements also encourage this breadth of study.
- **Science core coursework** offers in-depth study of the basic sciences and mathematics.
- **Kinesiology core courses** look at how the body responds and adapts to exercise, the role of psychological factors in sports and exercise, mechanics applied to biological systems, and how movement is controlled, learned, and developed over the life span.
- **Advanced coursework in Kinesiology** requires at least 11 credits of Kinesiology electives, thus giving students some flexibility to tailor the program to their specific interests.
- **Elective classes** are generally related to the student’s area of study and are taken to reach the minimum of 120 credits.

**SCIENCE CORE**

</tr>
</tbody>
</table>
CHEM 109  Advanced General Chemistry
CHEM 115  Chemical Principles I
& CHEM 116  and Chemical Principles II

Select one of the following:  4-10

AP or IB Biology score of 4 or above
BIOLOGY/  Animal Biology
ZOOLOGY 101  and Animal Biology Laboratory
& BIOLOGY/  Introductory Biology
ZOOLOGY 102  and Introductory Biology

BIOLOGY/  Evolution, Ecology, and Genetics
ZOOLOGY 151  and Evolution, Ecology, and Genetics Laboratory
& BIOLOGY/
BOTANY/  Evolution, Ecology, and Genetics Laboratory
ZOOLOGY 152

Select one of the following:  4-5

PHYSICS 103  General Physics
PHYSICS 201  General Physics
PHYSICS 207  General Physics
PSYCH 202  Introduction to Psychology 3-4

KINESIOLOGY CORE

Select one of the following: 3

KINES 355  Socio-Cultural Aspects of Physical Activity
KINES 521  Physical Activity and Health
KINES 600  Advanced Exercise Psychology

1 KINES 116, KINES 119 and KINES 350 may be taken prior to admission into the professional part of the undergraduate program.

2 Students may exempt from KINES 116 First Aid and Basic Life Support by completing American Red Cross First Aid AND one of the following: 1) American Red Cross Basic Life Support, 2) American Red Cross Basic Life Support for Healthcare Providers, or 3) American Red Cross CPR/AED for Professional Rescuers.

If a student wishes to request that a different course (or courses) be considered, contact the Department of Kinesiology undergraduate office PRIOR to enrolling.

3 Criminal background investigations may be conducted for some students, based on the site of the practicum assignment. The cooperating agency to which the student has been assigned will determine if a background check is necessary.

ADVANCED COURSEWORK IN KINESIOLOGY

This requirement was previously listed under the Exercise and Movement Science option; [http://guide.wisc.edu/undergraduate/education/kinesiology/kinesiology-bs/kinesiology-exercise-movement-science-bs/] it has not changed.

Select a minimum of 11 credits from the following:

ELECTIVE COURSEWORK
Select additional courses to reach the minimum of 120 credits.

CONTINUATION REQUIREMENT: DEPARTMENT OF KINESIOLOGY
All students admitted to undergraduate programs in the Department of Kinesiology, including Physical Education, must maintain a cumulative grade point average (GPA) of at least 2.75, based on all UW–Madison campus coursework. Consult the School of Education's Academic Policies and Procedures (http://guide.wisc.edu/undergraduate/education/#policiesandregulationstext) for additional information about the Continuation requirement.

GPA AND OTHER GRADUATION REQUIREMENTS

GRADUATION REQUIREMENTS
These requirements are based on UW-Madison coursework.

- Must earn a minimum 2.50 cumulative grade point average. Graduation GPA may be modified by the Last 60 Credits Rule (http://guide.wisc.edu/undergraduate/education/#policiesandregulationstext).
- Major residency: Students must complete a minimum of 15 credits from the Department of Kinesiology while enrolled on the UW–Madison campus.
- Senior residency: Degree candidates must complete their last 30 credits in residence on the UW–Madison campus, excluding retroactive credits and credits granted by examination.
- Must complete a minimum of 120 credits.

DEGREE AUDIT (DARS)
UW–Madison uses “DARS” to document a student’s progress toward the completion of their degree, including any additional majors and certificates. A DARS (Degree Audit Reporting System) report shows all the requirements for completing a degree and, against courses that are planned or completed, shows the requirements that have been met, and those that are unmet. A report can offer suggestions about courses that may be taken to meet specific requirements and can assist in the academic planning and enrollment process. Students can access a DARS report in the Course Search & Enroll app or Student Center via My UW.

DARS also has a “what-if” function. This feature makes it possible to request a DARS report as if pursuing another program, major or certificate. It is an excellent tool if considering a new or additional area of study. School of Education students in a pre-professional classification such as Pre-Elementary (PRE), or Pre-Kinesiology should request a “what if” DARS report of their professional program of interest.

More information on how to request a DARS report is available on the registrar’s website (https://registrar.wisc.edu/dars-student/).

DARS is not intended to replace student contact with academic advisers. It creates more time in an advising appointment to discuss course options, research opportunities, graduate school, or issues of personal interest or concern to students.

DARS is used as the document of record for degree program, major and certificate completion in the School of Education.

UNIVERSITY DEGREE REQUIREMENTS

Total Degree To receive a bachelor's degree from UW–Madison, students must earn a minimum of 120 degree credits. The requirements for some programs may exceed 120 degree credits. Students should consult with their college or department advisor for information on specific credit requirements.

Residency Degree candidates are required to earn a minimum of 30 credits in residence at UW–Madison. "In residence" means on the UW–Madison campus with an undergraduate degree classification. "In residence" credit also includes UW–Madison courses offered in distance or online formats and credits earned in UW–Madison Study Abroad/Study Away programs.

Quality of Work Undergraduate students must maintain the minimum grade point average specified by the school, college, or academic program to remain in good academic standing. Students whose academic performance drops below these minimum thresholds will be placed on academic probation.
