

ELECTRICAL AND COMPUTER ENGINEERING

RESOURCES AND SCHOLARSHIPS

FACILITIES

Facilities available for instruction and research include:

CAE (Computer-Aided Engineering) and ECE Laboratory Computers
Center for Plasma Theory and Computation Computers
Cross-Disciplinary Electromagnetics Laboratory
Digital Engineering Lab
Digital Logic and Microprocessor Lab
Electronics Lab
Embedded Systems Lab
Grainger Electric Machines and Power Lab
High-Frequency Engineering Lab
HSX Plasma Laboratory
Integrated Circuit Facility
Lab for Molecular Scale Engineering
Photonics Lab
Plasma Processing & Technology Laboratory
Plexus Collaboratory
Power Electronics Lab
Qualcomm Design Labs
Signal Processing Lab
Vacuum Electronic Devices Lab
Wisconsin Advanced Network Design, Experimentation, and Research
(WANDER) Lab
