ELECTRICAL AND COMPUTER ENGINEERING

RESOURCES AND SCHOLARSHIPS

FACILITIES

Facilities available for instruction and research include:

- CAE (Computer-Aided Engineering) and ECE Laboratory Computers
- Center for Plasma Theory and Computation Computers
- Cross-Disciplinary Electromagnetics Laboratory
- Digital Engineering Lab
- Digital Logic and Microprocessor Lab
- Electronics Lab
- Embedded Systems Lab
- Grainger Electric Machines and Power Lab
- High-Frequency Engineering Lab
- HSX Plasma Laboratory
- Integrated Circuit Facility
- Lab for Molecular Scale Engineering
- Photonics Lab
- Plasma Processing & Technology Laboratory
- Plexus Collaboratory
- Power Electronics Lab
- Qualcomm Design Labs
- Signal Processing Lab
- Vacuum Electronic Devices Lab
- Wisconsin Advanced Network Design, Experimentation, and Research (WANDER) Lab
