1

ELECTRICAL AND COMPUTER ENGINEERING

RESOURCES AND SCHOLARSHIPS

FACILITIES

Facilities available for instruction and research include:

CAE (Computer-Aided Engineering) and ECE Laboratory Computers

Center for Plasma Theory and Computation Computers

Cross-Disciplinary Electromagnetics Laboratory

Digital Engineering Lab

Digital Logic and Microprocessor Lab

Electronics Lab

Embedded Systems Lab

Grainger Electric Machines and Power Lab

High-Frequency Engineering Lab

HSX Plasma Laboratory

Integrated Circuit Facility

Lab for Molecular Scale Engineering

Photonics Lab

Plasma Processing & Technology Laboratory

Plexus Collaboratory

Power Electronics Lab

Qualcomm Design Labs

Signal Processing Lab

Vacuum Electronic Devices Lab

 $Wiscons in \ Advanced \ Network \ Design, \ Experimentation, \ and \ Research$

(WANDER) Lab
