

# MATERIALS SCIENCE AND ENGINEERING, B.S.

## ACCREDITATION

### ACCREDITATION

Accredited by the Engineering Accreditation Commission of ABET (<https://www.abet.org>), <https://www.abet.org>, under the commission's General Criteria and Program Criteria for Materials (1), Metallurgical (2), Ceramics (3), and Similarly Named Engineering Programs.

Note: Undergraduate Program Educational Objectives and Student Outcomes are made publicly available at the Departmental website. (In this Guide, the program's Student Outcomes are designated by our campus as "Learning Outcomes.")
