The Asian American Studies certificate program provides students with an opportunity to develop a sustained intellectual focus on Asian American racial formation, history, literature, culture, and social concerns. Interdisciplinary in nature, the certificate can be obtained by completing 12 credits of coursework.

Students receiving a certificate will have a transcript notation indicating that they have received a certificate in Asian American Studies.

The certificate program is open to any undergraduate student regardless of major or college who has an interest in Asian American Studies and is in good academic standing at the University of Wisconsin-Madison. Interested students should contact the Asian American Studies Program at asianamerican@letssci.wisc.edu to file an Asian American Studies Certificate Application form. While many of our courses below are cross-listed, registration under Asian American Studies ensures that credits earned for the certificate are recognized by the registrar’s office upon filing a Certificate Declaration form. Not all courses are offered each term. Topic courses may be repeated for credit.
