The Japanese program offers students a range of courses and activities which enhance students’ intercultural and transcultural competencies. With the completion of the four basic years of the language, students will be prepared to handle various types of colloquial Japanese. Our majors pursue advanced studies in Japanese language or literature. It is also possible to combine an interest in Japan with a degree in business, engineering, history, or international studies. Majors are urged to begin coursework early, ideally in the freshman or sophomore year. If, however, this is not possible, summer courses at UW–Madison or elsewhere are available which speed the student’s progress. Those who have previous Japanese study experience may enter advanced courses on the basis of department recommendation. Visit our website (https://alc.wisc.edu/undergraduate-studies/) for more information about undergraduate studies in Japanese.

STUDY ABROAD IN JAPAN

Students may receive residence credit for study abroad through a variety of programs sponsored by the department. Please contact International Academic Programs (https://www.studyabroad.wisc.edu/) for details. Students may also receive credit, or gain experience, through various internship opportunities abroad. Please contact International Internship Programs (http://internships.international.wisc.edu/) for details.

FOUR-YEAR PLAN

SAMPLE FOUR-YEAR PLAN

This Sample Four-Year Plan is a tool to assist students and their advisor(s). Students should use it—along with their DARS report, the Degree Planner, and Course Search & Enroll tools—to make their own four-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests. As students become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, they might adjust the order of their courses to accommodate these experiences. Students will likely revise their own four-year plan several times during college.
