

# ASTRONOMY- PHYSICS, BS

## HOW TO GET IN

### HOW TO GET IN

Students who wish to declare the Astronomy-Physics may do so after arriving at UW-Madison (students cannot declare this major as part of their UW-Madison admissions process).

Students are encouraged to declare their major as early as their first year. For pre-major and major advising, students should contact the undergraduate advisor or faculty advisors.

Astronomy-Physics Majors should get started on one of the Introductory Physics sequences as early as possible.

Introductory Physics sequences are:

<b>Code</b>	<b>Title</b>	<b>Credits</b>
Sequence 1: PHYSICS 247, 248, and 249		
Sequence 2: PHYSICS 201, 202, and 205		
Sequence 3: PHYSICS 207, 208, and 241
