

RUSSIAN, B.S.

Russian is a National Security Education Program Critical Language. Students in the Russian major not only learn the language but become familiar with the treasure of Russian cultural heritage in literature, visual art, theater, and music.

The Russian major is designed to meet the needs of students who begin to study the language in college, as well as those who began to study the language in high school. With a major in Russian you will be able to converse with ease in most common situations at work, school, social events, and everyday duties, as well as read and write at an advanced level. In addition, you will gain an appreciation and understanding of Russian culture and politics, past and present, and the literary and artistic traditions that Russian society holds dear.

HOW TO GET IN

To declare a major in Russian, students should make an appointment with the Russian undergraduate advisor.

FOUR-YEAR PLAN

SAMPLE FOUR-YEAR PLAN

This Sample Four-Year Plan is a tool to assist students and their advisor(s). Students should use it—along with their DARS report, the Degree Planner, and Course Search & Enroll tools—to make their own four-year plan based on their placement scores, credit for transferred courses and approved examinations, and individual interests. As students become involved in athletics, honors, research, student organizations, study abroad, volunteer experiences, and/or work, they might adjust the order of their courses to accommodate these experiences. Students will likely revise their own four-year plan several times during college.

ADVISING AND CAREERS

One unit (year) of high school coursework is roughly equivalent to one semester of college work; however, all incoming students who want to continue their study of Russian are assigned to courses on the basis of placement tests. These tests may admit a student to a more advanced course, but give no credit toward graduation. However, retroactive credits can be granted in recognition of previous language study. Students should speak with their instructor regarding retroactive credits during the first week of class.

Language placement tests are advised for any student with previous knowledge or experience with Russian. The test consists of a one-on-one appointment with a professor, with written, oral, and reading comprehension components.

The Placement Advisor for Russian is Anna Tumarkin. Please contact the Undergraduate Advisor to request placement.
