

NEUROBIOLOGY, BA

HOW TO GET IN

HOW TO GET IN

The advisors for the Neurobiology Major (<https://neuromajor.wisc.edu/>) are committed to providing students with first-rate guidance through the major to graduation and beyond. Most students are ready to declare a major by the end of the 3rd or 4th semester.

If you are interested in declaring the Neurobiology Major, you must first make an appointment to meet with an advisor.

See *our* website (<https://neuromajor.wisc.edu/advising/>) to *schedule an appointment*.
