## ADVISING AND CAREERS

### ADVISING AND CAREERS

#### DECLARE OR CANCEL THIS MAJOR

Students enrolled in the Landscape and Urban Studies major have three opportunities for advising:

1. The undergraduate academic advising manager (<https://dpla.wisc.edu/academics/undergraduate-programs/landscape-and-urban-studies/#academic-advising>) assists with general questions about registration, student assistance, and progress in meeting major requirements.
2. Students may choose a faculty advisor (<https://dpla.wisc.edu/faculty-instructors/>) to assist with guidance specific to the curriculum (e.g. coursework, internships, research) and career opportunities.
3. SuccessWorks offers advice on career paths, networking, and job search preparation.

#### STUDY ABROAD

Learning in Letters & Science emphasizes discovery, growth, understanding different perspectives, and challenging yourself, which makes studying abroad an excellent fit for many L&S students: [studyabroad.wisc.edu](https://studyabroad.wisc.edu) (<https://studyabroad.wisc.edu/>)

As a university with global influence, we have more than 300 study abroad programs (<https://studyabroad.wisc.edu/programs/>) in over 80 countries. These vary in length, academic focus, teaching format, language requirements, cost, and level of independence. There are many programs to complement every major (<https://studyabroad.wisc.edu/academics/major-advising-pages-maps/#L&S>) and any year of college (including the final semester)—and all meet UW–Madison’s high academic standards. Students admitted into Letters & Science can even choose a short program in the summer before they start college or their whole first year: [studyabroad.wisc.edu/launch](https://studyabroad.wisc.edu/launch) (<http://studyabroad.wisc.edu/launch/>). Talk with your academic advisor about how studying abroad might fit with your academic plan.
