## ADVISING AND CAREERS

### ADVISING AND CAREERS

The School of Nursing provides dedicated, professional academic and career advising to undergraduate students in their pre-nursing and nursing years. As one of the smaller schools on campus, the school is able to offer a great deal of personal attention and individualized academic and career advising.

#### ACADEMIC ADVISING

All pre-nursing and nursing students are assigned an academic advisor based on the students last name. Generally speaking, freshmen receive advising in small-group sessions. Once students enter their sophomore year, they move to one-on-one advising appointments with their assigned advisor. Detailed information on the school's academic advising system and staff (<https://students.nursing.wisc.edu/undergraduate-menu/undergraduate-advising/>) is available on the school's student intranet, called the Student Site. Questions about advising can also be directed to the Office of Academic Affairs at 608-263-5202.

#### CAREER ADVISING

The school offers career advising services which provide resources and strategies for career and licensure planning. This includes workshops, career fairs, resume review, prospective employment resources, and licensure information.

#### STUDENT SUPPORT

Information about student support, resources, policies, forms, scholarships, clinicals, compliance, and career & student success in the School of Nursing can be found on the School of Nursing's Student Website (<https://students.nursing.wisc.edu/>).
